DataLife 3.5" Diskettes

Verbatim's premium quality DataLife disks are the ultimate in dependability. We test them at endurance that exceed any other disk to ensure ultimate dependability. Their average performance of 50 million revolutions is 15 times the industry standard!

DataLife 3.5" disks were the first to offer a choice of formats for either IBM PC's or Apple systems. Available in Double Density and High Density, Verbatim 3.5" DataLife disks are certified 100% error-free and backed by a Lifetime Warranty; the first of its kind in the industry.

Verbatim also offer DataLife Colours and Neons, for clearer organisation and filing. DataLife Colours and Neons are colour-coded IBM formatted 3.5" diskettes. DataLife Colours and Neons are available in packs of 10, comprising 2 of each 5 rainbow colours or packs of 50 (Neons) packaged in a rugged plastic organiser storage case with transparent flip top lid.
